## Classes at Burien Community Center

(Registration information is on the back)

### ► Intro to Green Cleaning, Part I

Did you know that the average home may have over 60 household hazardous products? Discover which “sinister 7” products are considered most hazardous to our health and the environment, and why. Learn what to look for on product labeling, which can help you choose safer products.

Age: 18Y and up Fee: \$8

#9176 **May 7 6:30 PM-7:45 PM** Classes: 1 Days: W  
BCC Classroom 11 Instructor: Jeanne Johnson with ECOSS

### ► Intro to Green Cleaning, Part 2

Continuation from last session: Learn which products commonly found in your home can also be used for cleaning and yard care and which are safer for you and the environment. Green Cleaning recipe cards and Healthy Home Companion guides will be shared, as well as options for putting together your own Green Home Kit. Easy shopping tips will be shared. Begin your transition to a green home with easy methods that are safer for you and your family!

Age: 18Y and up Fee: \$8

#9177 **May 14 6:30 PM-7:45 PM** Classes: 1 Days: W

BCC Classroom 11 Instructor: Jeanne Johnson with ECOSS

### ► Intro to Indoor Air Quality & Greening our Home

Wrapping up the Going Green Series is a class on strategies for greening your home and improving your Indoor Air Quality (IAQ). Discover the importance of lessening your exposure to such things as cleaning products, pesticides, fragrances, second hand smoke and some home care products. With these great tips, going Green has never been easier!

Age: 18Y and up Fee: \$8

#9178 **May 21 6:30 PM-7:45 PM** Classes: 1 Days: W  
BCC Classroom 11 Instructor: Jeanne Johnson with ECOSS
