for the **second annual**

### **Walk for Food Allergy: Moving Toward A Cure** in **Seattle, Washington** at Warren G. **Magnuson Park.**

FAAN is a 501(c)(3) nonprofit organization whose mission is to raise public awareness, to provide advocacy and education, and to advance research on behalf of all those affected by food allergies and anaphylaxis.

Twelve million Americans have food allergies, approximately 61,144 children in Washington State, and 3 million nationwide cope with food allergies daily.

There is NO CURE for food allergies.

Strict avoidance of the allergy-causing food is the only way to prevent a reaction.

Please join us in ***Moving Toward A Cure*** on **Saturday, August 22<sup>nd</sup>, 2009.**
