

# Internship Program

Life is a puzzle...solving it gets a little easier at PSSC through the career training you have chosen and the Internship Program.

Through the Internship Program you will have the opportunity to:

- ◆ intern or job shadow; or
- ◆ mentor with a retired professional or community member; or
- ◆ develop job search skills by writing a résumé, interviewing for a job, conducting career research and attending career workshops and seminars.

It is the belief of the Puget Sound Skills Center staff that all students can learn and be successful. By allowing you the opportunity to interact with industry, government and the community at large, we believe your education and your lives will be greatly enhanced. The Internship Program will prepare you to become world-class citizens, workers and family members.

Your instructor will fully explain the details of the Internship Program, along with your responsibilities for participation.
